Led by Ameri'ca Tickle and Hosted by Sam Norgard

July 31-August 6, 2017: Arrive Monday, Depart Sunday

### Format:

Nova Scotia is beautiful! Let's experience this lovely area painting in our seaside schoolhouse studio or paint plein air on site. The added treat is you will experience French Acadian culture and the beautiful scenic area.

### Tuition: \$475-materials included

Prior to coming you will receive emails with information about the site, the area and an introduction to the supplies that will be available. French easels will be available for outdoor work. Favorite artists or techniques will serve as discussion topics.

This workshop is for those who have prior painting experience and wish to further explore their work in a supportive and nurturing environment. We will focus on providing time, space, input through demos and informational sessions, in addition to feedback through critiques. The studio will be open from 9 am - 9 pm.

4-5 days studio time, with morning sessions and open studio after lunch, you can paint or do some sightseeing!

### Accommodations: \$330
